PaulG's top 10 NW wines of the month

Here are my top 10 Northwest wines from my tastings in April. Full reviews and scores will appear in an upcoming issue of Wine Enthusiast. However, since some of these wines are very limited, I want to give readers of this blog a heads up.

They are ranked in order, and the ranking reflects both the overall quality and value relative to others in its scoring category. All of these are very high-scoring wines. Quality across the board continues to rocket upwards.

Sonría 2009 Shea Vineyard Pinot Noir

#10 | REGION: WILLAMETTE VALLEY | ISSUE: MAY 4, 2011

A core of focused cherry fruit is surrounded with tart acids, sweet toast, dark chocolate, and a whisp of smoke. Almost ethereal and finely crafted.
