### *Current Release*

2014 Sonría Pinot Noir  
2014 Sonría Rosé of Pinot Noir  
2015 Sonría Sauvignon Blanc

### *Background*

Sonría is derived from the Spanish verb *Sonreír*, which means, “to smile.” Produced with grapes purchased from Shea Vineyard, located within the Yamhill–Carlton District viticultural area, a subappellation of the greater Willamette Valley AVA. Sonría is a blend of two classic Pinot Noir clones, Pommard and Wädenswil. Each clone imparts unique characteristics on the wine, which range from the bright red fruits of the Pommard clone to the dark black fruits of the Wädenswil clone. Sonría is processed at Napa Valley’s Vineyard 29, a technologically advanced facility that allows the grapes to be treated with tremendous care from tender berries on the sorting table through fermenting juice in barrel to finished wine in bottle. Crafted solely for enjoyment of time spent with family and friends, it is a reflection of Keith Emerson’s love of great wine made from the heart.
